Readmission Evaluation

Name	Brandon Holt	ID	003830774	Start Date:		Catalog Term:	202011
------	--------------	----	-----------	-------------	--	---------------	--------

An Official Transfer evaluation is completed once all official credentials listed on your application have been received by WGU. Only transcripts and credentials sent directly to WGU from the issuing institution will be considered official. The Office of Admissions and Transfer Administration will not perform unofficial evaluations or accept unofficial transcripts. Transfer credit is program and college specific; if you change programs or colleges a new Official Evaluation will be completed at the time of program change. Please review your evaluation and reach out to your Enrollment Counselor if you have any questions pertaining to the evaluation as transfer credit will not be awarded after your first term start date.

COURSE TRANSFER ELIGIBILITY

- *Credit applied from institutions of higher education must originate from an Institutional Accreditor recognized by the U.S. Department of Education (USDE). For a list of USDE Institutional Accreditor agencies: <https://www.chea.org/regional-accrediting-organizations>.
- *Courses may not be used to fulfill more than one transfer requirement.
- *Courses must meet the competency unit and content equivalency requirements. In general, one competency unit is the equivalent to one semester credit hour.
- *Courses completed at a developmental level or through continuing education units may not be used to fulfill any transfer requirements.
- *Courses in the non-transferable course section may not be transferred into your program from an outside provider.

DEGREE TRANSFER REQUIREMENTS

- *Certain programs allow for block transfer of undergraduate course requirements. All degrees used to meet these requirements must originate from an institution of higher education recognized as an Institutional Accreditor by the U.S. Department of Education (USDE).
- *Course(s) that receive a Requirement Satisfied (RS) may be fulfilled by an Associate of Arts, Associate of Science, Associate of Applied Science, Bachelor of Arts, or Bachelor of Science from an Institutional Accreditor institution. In certain cases, the degree must be in a specific field of study.

COLLEGE SPECIFIC REQUIREMENTS

- *All transferable courses have a minimum grade or score requirement. Please reference the Official Transfer Guideline for your program: <https://partners.wgu.edu/>.
- *Teachers College evaluations are completed based on current state of residence. If you plan to license in another state, please inform your Enrollment Counselor.
- *IT coursework and degrees must have been completed within the last five years to be eligible for transfer, and all certifications must be either current or must have been completed within the last five years, whichever is lesser, to be eligible for transfer.

The assessments listed below are those that are eligible for transfer; see your specific program guidebook for a complete listing of your degree requirements. For questions regarding your transfer evaluation or on how to request a re-evaluation, please contact your admissions coordinator.
